

# Rashika Jain

## UX/UI Designer

I am an enthusiastic and creative individual with a keen interest in User Experience (UX) and User Interface (UI) Design. I am eager to start a transformative journey within the field of User Experience (UX) and User Interface (UI) design. My goal is to introduce fresh ideas and innovative solutions to the realm of design, with a particular focus on crafting user-friendly and visually appealing digital experiences.

## Projects

**Revolutionize Bhopal's parking experience :** With a user-centered UX intervention, you can completely transform Bhopal's parking experience. In order to address user concerns, our solution proposes a smart parking app, improved information accessibility, and greater enforcement, resulting in a smooth, secure, and efficient parking service.

**Revolutionize women's handbags by addressing common challenges:** Swift item access, anti misplacement measures, ergonomic designs for comfort, and a tech-savvy companion app. Elevate organization and alleviate daily inconveniences for a seamless, stylish experience.

**Edutech :** Revolutionizing physical education for visually impaired children with cutting-edge tech and design innovation to ensure inclusive, sensory-rich, and empowering learning experiences.
