SUMMARY

Frontend developer with a Tech Bachelor's (2023) and expertise in HTML, CSS, JavaScript, and React. Collaborated on impactful projects at PN Infosys, honing data fetching, responsive design, and scalability skills. Solid foundation in programming, Java, and object-oriented principles.

EXPERIENCE

Front-end Developer Intern

PN Infosys Technologies Private Limited   **December 2022 - February 2023, Gwalior, M.P.**

· Collaborated with a startup team, contributing to the development of website frontends.

· Applied HTML, CSS, and JavaScript skills to create visually appealing and responsive web interfaces.

· Gained hands-on experience in designing and coding interactive elements, enhancing user engagement.

· Developed proficiency in React, building dynamic components that improved website functionality.

· Participated in code reviews and utilized version control (Git) to maintain a structured development.

APPRENTICE INTERN

Madhya Pradesh Power Co-operation Limited, Jabalpur, M.P.   **February 2022 - April 2022, Jabalpur,M.P.**

· Completed an internship at a substation, gaining hands-on experience in electrical engineering practices.

· Assisted with the installation, maintenance, and testing of electrical equipment, contributing to substation efficiency.

· Participated in safety inspections and protocols, ensuring compliance with industry standards and regulations.

PROJECTS

RESPONSIVE-YOUTUBE-CLONE

June 2023 - July 2023

· Developed a feature-rich YouTube clone using React.js, Tailwind CSS, and RapidAPI.

· Dynamic video rendering and playback system using React.js for a seamless user experience.

· Created responsive design and modern UI components with Tailwind CSS.

· Integrated RapidAPI to fetch and display including video titles, descriptions, views, and likes.

· Successfully replicated YouTube features, showcasing strong API integration and front-end development.

· Implemented a user-friendly and familiar interface, replicating the core functionalities of YouTube.

· View Project.

Tasty-Restaurant-Website

December 2022 - January 2023

· Developed a responsive restaurant website using HTML, CSS, and JavaScript, ensuring compatibility and optimal user experience.

· Implemented both dark mode and light mode functionalities, providing users with a choice of visual themes for browsing.

· Created a dynamic menu section with detailed descriptions and appealing visuals, showcasing the restaurant's offerings effectively.

· Utilized HTML forms and JavaScript validation to enable smooth communication through the contact section.

· Managed code changes and facilitated teamwork using version control (Git), enabling efficient collaboration and review.

· View Project.

EDUCATION

Bachelor's of Technology , Electrical Engineering

Rustamji Institute of Technology· Gwalior, Madhya Pradesh· 2023· 8.89

Intermediate Education

Saint Vivekanand Public School · ETAWAH , U.P.· 2019· 87%

SKILLS

Technical Skills: JAVA, OOPS Concepts, HTML5, CSS, Javascript, React-JS, SQL, Multi-**Threading**

Integrated Development Environments (IDEs): e.g., Visual Studio Code, Eclipse.
Version Control Systems: e.g., Git, SVN.
