Summary
My Experience has enabled me to push revenue expectations and exceed goals, an analytical/logical approach to tasks and the ability to work under pressure. I am able to work well both on my own initiative and as part of a team. I believe communication is the key and I am someone who can build up rapport easily, open up clients, find out exactly what they need, and then present them with a wide range of services and solutions. My main strengths are adaptability, dependability and the determination to get a job done as proven by my varied work experiences in both **Industry and Academic Arena**. I try to learn something new from every experience because I believe there is always room for self-improvement both personally and professionally. I want to develop my career in a fast-moving environment, and currently looking for a suitable position in a company that values passion, positivity, integrity and hard work.
