RANI PATIDAR
web Developer

About Me

I'm Rani Patidar from Ujjain, a graduate of MIT (Mahakal Institute of Technology, Ujjain). I gained valuable experience during a 4-month internship focused on PHP and WordPress technologies at Indiawebsoft. Currently, I am thriving in my role as a PHP and WordPress developer at the same company. I look forward to continuing my professional growth in the dynamic world of web development while contributing my expertise to the success of Indiawebsoft.
