CAREER OBJECTIVE

Aspiring to be a core member of a dynamic team, where I can utilize my ideas, knowledge and determination to make impact for the development of the organizations.

EXPERIENCE

UI/UX Designer, Intern   3 months
Omega Orion Pvt. Ltd.

- Achieved to design refresh look of a developer' website for Beauty & Salon Services Management application from IE which got deployed.
- Assisted in designing Lo-fi & Hi-fi wireframes, responsives & logo sketch encompassing web & mobile based application for 4+ clients.
- My strength is web design, during internship learnt color theory, topography, prototyping, skewing, layering, few micro-interactions, various effects and more.
- Led case study for Pixise-photo editing application which helps you create amazing photos.
- Created posts for company's social handles that got featured.

Freelance   3 months

1. Designed dashboard for a consulting firm.
2. Worked on a fintech application for user flow, mind mapping and refresh look instances for the project by a private firm.
3. Created brochures, banners and invitations cards for clients.
